

yes, i'm an introvert.
 no, i'm not shy.
 no, i'm not stuck up.
 no, i'm not antisocial.
 I'm just listening.
 I'm just observing.
 I can't stand small talk...
 But I'll talk about life for hours.
 I'd rather be home with a close friend or 2
 than among a big crowd of acquaintances.
 Don't scold me in public.
 Don't embarrass me in public.
 Respect that I'm reserved.
 And if I open myself up to you,
 Know that means you're very special to me.
